

THE DENTURIST ASSOCIATION of BC ANNUAL GOLF TOURNAMENT - Thursday, May 27, 2010

Welcome to Arnold Palmer's first Canadian design, and home to a truly "Whistler" brand of golf. You'll sense it the minute you approach the Clubhouse — classic rock and roll is piped out from the entrance, a guest host sporting a wide grin and a friendly attitude greets you, introduces herself, takes your clubs and acquaints you with our facility. For the rest of your day—from the high-five you got from the starter on the first tee, to the Player's Assistant who tended your flag, to the bartender at the patio bar who commiserated with you after your round — you'll notice that a game of golf at the Whistler Golf Club is truly something different.
